PROJECTS

Wole-Oke Construction Website

This website was designed and created for Wole-Oke Construction to showcase their services, which range from engineering to consultations and construction.

- **Technologies used**: Next.js, TailwindCSS

Live Site

Personal Portfolio

Developed a personal portfolio website to showcase my projects, skills, and experiences, with a responsive design for optimal viewing on all devices.

- Developed a visually engaging and responsive portfolio using Next.js and Tailwind CSS, ensuring seamless device performance.
- Implemented smooth, interactive animations with Framer Motion, enhancing user experience and engagement.
- Designed and integrated a functional contact form with react-hook-form, facilitating secure and efficient communication.
- Deployed the portfolio on Vercel, leveraging its capabilities for optimized performance and continuous deployment
- Live Site

Deebrew

Developed a responsive and visually appealing landing page for Deebrew, a coffee brand, utilizing Next.js and Tailwind CSS to ensure seamless performance across devices.

- Implemented interactive UI components and smooth transitions to enhance user engagement and provide an intuitive browsing experience.
- **Technologies used**: Next.js, Tailwind CSS, Vercel, Frame Motion, Gsap

EXPERIENCES

Code4teen Labs   Abuja, Nigeria

Frontend Engineer   *July 2022 – July 2023*

- Contributed to the development and enhancement of the company's e-textbook for students and educators, focusing on responsive and user-friendly design.
- Assisted with bug fixes and feature updates.
- Engaged in weekly code reviews with senior developers.
- **Technologies used:** JavaScript, React.js, Bootstrap, HTML/CSS, and Git

Wootlab Innovations   Abuja, Nigeria

Software Developer Intern   *April 2022 – July 2022*

- Engaged in code reviews to learn best practices, provided feedback on team members' work, and actively participated in team meetings to discuss project progress and challenges.
- Created a responsive UI form component using HTML and CSS for a website.
- Instructed the Kids-cypher program at Wootlab, where I introduced young learners to programming languages.
